PATHOLOGY

Veterinary Anatomical Pathologist

- Innovative veterinary laboratory
- Competitive salary
- Diagnostic pathology experience required

Independent Veterinary Pathology (IVP) is a non-corporate veterinary pathology service with modern laboratories located in Underwood, Brisbane and Coburg North, Melbourne, and supported by an extensive courier network that reaches right across Australia.

IVP specialise in Histopathology and Cytopathology with a focus on small animal pathology. IVP performs a wide range of special stains, veterinary validated immunohistochemistry and immunocytochemistry. Our pioneering advanced laboratory information system is designed to facilitate efficient, high-quality reporting for our pathologists, enabling IVP to provide a streamlined, reliable and cost-effective diagnostic service for our clients. We pride ourselves on a down-to-earth, personalised service, guaranteeing our clients are our number one priority.

IVP is looking for a veterinary anatomical pathologist with experience in veterinary diagnostic anatomical pathology to join our friendly, supportive team of pathologists.

Board certification by the ACVP/ECVP or Fellowship of the ANZCVS is preferred, although board-eligible or other highly qualified applicants will also be considered.

This position is open to candidates applying to the Brisbane or Melbourne laboratory.

Part time position potentially leading to full time for the right candidate.
